"Dave Gerard, a NH native, is a master of acoustic Americana with a voice as fine as the finest songwriters, has released his third solo album, **Dreams of Kings** and it could be on any Dave Matthews Band release, and I love it!" -**Jam Music Magazine** • "He gives you a nice buzz. Oh, yeah: he also gets better with age." • "His music is like a fine wine. Not only is he super tasty, but it has been the soundtrack of thousands of lives across the Seacoast." -**Portsmouth Herald** • "If music is a house, then **Dreams of Kings** is like the perfect living room." • "The record is a songwriter's dream, filled with memorable stories, lovable characters and follow-the-boundary ball melodies, sure to satisfy diverse music audiences everywhere." -**Foster's Daily Democrat**

On any given night a DG show is gentle, raucous, and eclectic, but always honest. His soulful style of contemporary roots music and from-the-core songwriting has earned him many awards: **Best Male Artist** at the Songwriting Contest to name a few. His music takes him full-time from New England to Florida, west to Colorado, and to the U.S. Virgin Islands. Acoustically, he has **shared the stage with Richie Havens, Chris Tinsley, and Tinytown**. With his band Truffle, he has **performed with Little Feat, Losing the Boy, and Memory Hill** - you won't be disappointed!
